

INQUIRY RULING

APPLICATION FOR PROTECTIVE MEASURES

Upon hearing the application by Advocate Lacey, on behalf of Mr David Castledine, for a further application to be heard in private in respect of producing a document to Mr Castledine during the course of his evidence. Pursuant to Term of Reference 7, which states:

*It will be for the Committee to determine, by balancing the interests of justice and the public interest against the presumption of openness, whether, and to what extent, all or any of the evidence given to it should be given in private. The Committee, in accordance with Standing Order 147(2), will have the power to conduct hearings in private if the Chairman and members consider this to be appropriate.*

The Panel determined that as this is a public Inquiry the further application should be heard in public.

Signed:

Frances Oldham QC
